The candidate referred to in paragraph 38 seems to be Y. Ramaswami who has been proposed for Industries & Commerce. As there are some alternative names for this dept, the finding of a substitute need not perhaps involve any large changes. The revised list passed at the Committee meeting on the 23rd together with a provisional off. are submitted.

Notices have been sent to all the selected candidates (excepting the deceased Ramaswami) to appear on Monday the 8th July at 8 a.m. before the members of the Committee.

As Mr. Doraswami Iyer (Rev Comm) did not attend the last meeting, it will perhaps be necessary, in estimating the date of next meeting, to send him the revised provisional list of selected candidates. This will be done if there is no objn.

My dear Sir,

This letter from me will be a surprise to you but I hope that you will kindly excuse me for having taken the liberty of writing to you after such a long time on a subject concerning myself.

I am sure you are kindly aware of some probationers being selected for certain posts in the Government. One of them is for the Assistant Superintendant of Government Gardens on a pay of Rs 150 - $\frac{25}{1}$ - 200. I have sent my application formally to the Secretary to the Committee for the selection of probationers. Mr. N. Madhavarao, one of the members is Mr. M. Ramarao, Inspector General of Education. May I request you, Sir, to be good enough to recommend my case to him, if it suits you, or to any other officer concerned. Mr. J. S. Chakravarti is the Chairman of the Committee.

My special qualifications are the following:-
(1) I am a Licentiate in Agriculture. (2) I have already served in the Government gardens as a horticultural Instructor & as Park overseer for about an year and for the past nearly 3 years I have been in charge of the Palace Estates & Gardens in Mysore. (3) I belong to the backward community of Vokkaligars in Mysore. I have also sent some of my excellent certificates including the one which you were pleased to give me when I left your office.

It is said that graduates are required for these posts. But if they insist upon candidates being B.As even for a post in the Gardens, there will be no chance for qualified & trained professional men like me. In fact graduates in technical subjects should be preferred in such cases.

As you have been all along taking so much interest in my welfare, I have made bold to write to you. And I depend on your good will to pardon me, sir, for the trouble I am driving to give you.

With best regards, I am, Sir, Yours obediently
H. C. Javaraya.

Rangasawmy Iyengar has told me how kindly you received him. He is sending up a petition of which you said you would like to have a copy. He has brought me the copy and asked me to let you have it, so I enclose it. I am sure you will bear the matter in mind and say a word for him if the opportunity offers. I cannot understand their action in paying for the training of a man and then leaving him for five years without a post. He is a really good fellow and belongs to a most respectable family.

I hope you are keeping well and getting good news from home.

With kindest regards,

Believe me, Yours most sincerely,

To

N. Madhava Rao, Esquire, B.A., B.L.,

Assistant Secretary to Government and Secretary

to the Committee for selecting Probationers,

B A N G A L O R E.

Sir,

I beg to apply for a Probationer's place in the Civil Veterinary Department under the new scheme.

In the year 1909, I proceeded to Bombay in obedience to a letter from His Highness' Private Secretary (copy submitted for reference) conveying His Highness' gracious commands in my case.

Whilst in Bombay, I was a state scholar and graduated in the year 1911 with distinction taking two medals in "Handling of Animals" and "Best Studentship" as can be seen from the extract enclosed herein. In all the examinations, I took the first and second place. Added to this, I have undergone practical training under eminent Surgeons as Col. Hunt and Col. Birdwood etc. of the Army Remount Deptt.

On my return from Bombay in 1912, the late Dewan Mr. T. Ananda Rao referred my papers to the Revenue Commissioner Mr. K. Dorasamy Iyer for disposal. The Revenue Commissioner was pleased to recommend me for an Assistant Superintendent's place in the Civil Veterinary department on a salary of Rs.100-125 which recommendation was in some way lost sight of to my

my misfortune and it was not until the 3rd. December 1915, that the Government were pleased to inform me after a period of three long years that there was no suitable vacancy for me in the Department. (Copy of Government order enclosed).

I hope it may not be thought out of place if I now apply for a Probationer's place under the new scheme, being a graduate in the broad sense of the word and having obtained the highest distinction in India in the Veterinary Science with practical training for several years, not to speak of the assurance given to me of my entertainment in Service if I satisfied the conditions imposed in Mr. Maconochie's letter, which I beg to say I have to the best of my ability as can be seen from these testimonials.

I would again point out that though I am a state scholar and have won high distinction, I have been left without a post for five years.

May I be permitted to add that if His Highness' pleasure to suitably employ me in the Veterinary Service is to take effect, it could only be under this scheme, for, the prospects of a suitable Vacancy occurring in this department particularly are very remote.

Praying respectfully that my just claims may be now favourably considered.

I remain,

Sir,

Your most obedient servant,

H. Ranga Samiengar.

Laxmisadan,
Mysore.

O O T Y,

27th July 1908.

Dear Mr. Ramanujiengar,

His Highness has had your son's case under his consideration and has decided that it is not possible to employ him unless he takes a course and obtains a diploma at either the Madras or the Bombay Veterinary College. If he chooses to do this, His Highness will be prepared to consider the grant to him of a scholarship. Unless he will take this course His Highness does not consider that he can be employed to the exclusion of a man who has taken the course, of whom there is more than one available. You must please regard this intimation as final in the matter.

With kind regards,

Yours sincerely,

(Signed) F. Maconochie.

Copy of the Memorial for a Probationership:

May it please your Highness,

I belong to a family who have been Rytwics to your Highness and your Highness's predecessors, for about a 100 years last, since the Parone came to Mysore; and beg to submit for your Highness's consideration the following points. I am an Honours Graduate of the Madras University. Some years back when I had just commenced studying English I had the fortune of being presented to your Highness when my father was graciously granted an interview for the purpose of presenting a set of Vedic works which were most kindly ~~granted~~ allowed to be dedicated to your Highness, on the occasion and in honour of your Highness's Investiture. Then your Highness was pleased to inquire about my education; and that education has completed now. Having passed the Intermediate with distinction from the Maharaja's College, a Govt. scholarship was granted to me, and I was enabled to graduate in Honours (M.A. Honours) from the Madras Presidency College. It now rests with your Highness to make use of me in the service of your State. I am the only one, in all the families of Joyers, Purohits and Rytwics, who has passed any examination of note in any University. In consideration of that, and of the fact that our family has so long been your Highness's dependents, and that my old father is still in your Highness's immediate spiritual service, I beg that your Highness will grant me a suitable place in

the Govt. Service. The Government proposes to appoint some probationers from Graduates and sons of high families and I shall be grateful if your Highness should favour me with one of them.

Begging to be excused for the intrusion,

I remain

My Dear Sir,

I have received your letter and I thank you for the same. It is very kind of you to remember me after such a long time and write this letter to me.

I wish that you will, by the blessings of the Almighty prosper more and more in all your commercial transactions.

I hope the tide of fortune will again set this family right and restore to its original state.

Dear Sir.-

I beg to state that in my memorial dated 24-3-17 to His Highness the Maharaja of Mysore regarding my Son B.V. Ramachandra Setty, L.C.E., the prayer consists i.e. 2 parts. (a) appointment of Probationer or (b) grant of a loan Scholarship for study in foreign Countries. This loan Scholarship prayer is made without considering my future difficulties.

I humbly beg your honor to consider that if my Son is sent to foreign Countries in my old age of 70 years, he being the only Son, I am sure to feel his absence very keenly & therefore pray that you will strongly recommend him for the probationer's place. If this is not possible I should not stand in the way of my Son getting on, I must allow him to go to foreign Countries to study with a view to improve his prospects. In the memorial as stated above, if a loan Scholarship is granted, I now find that a security will be required, which my means will not permit. I therefore pray that a State "samovadoss" Scholarship may kindly be granted.

It is known to your honor that my Son was away from me for the last 10 years i.e. at out Stations i.e. 3 years at Mysore on State Scholarship, passed Civil Engineering, & 4 four years at Bombay on Special State Scholarship of Rs 35 per month & passed Electrical Engineering, & 3 years in Service at Mysore Power House, altogether 10 years he was away from me. our beloved Govt. knowing my circumstances, granted Special Scholarships.

Humbly begging to be excused for the trouble.

I beg to Remain Dear Sir
most obedient servants.

Sir,

With reference to Government order No.231 dated the 18th May 1917 calling for revised proposals in the matter of the appointment of probationers, I am directed to state that information regarding officials in service has not been received from the several Heads of Departments and offices who have been addressed in the matter. SIR,

With reference to Memo. A. Extract from a letter to the Inspector-General of Education recommending for an Asst. Inspector's post. (11th December 1915).

"He has done his work most conscienciously and well. He has been regular in his attendance and very attentive in the discharge of his duties. Possessing as he does a great taste for the teaching profession, he ought to do well in the appointment he now seeks. Though I should be sorry to lose so good and hardworking an assistant as Mr. Swami Rau has proved himself to be, I do not like he should miss the chance of securing for himself a post for which he is, by reason of his taste and training, quite fit."

B. Extract from a letter to the Secretary, Mysore Economic Conference recommending for promotion. (9th December 1915).

"He has worked with me for about a year now and has done his duties diligently and well. I highly appreciate his work and recommend him for the maximum pay fixed of his post."

This is to certify that Krishna Rao has been a student in this college during the past four years. He joined in March 1891 after matriculating from the Wesleyan High school, Bangalore. He was elected to a Free studentship in the F.A. classes on account of the good character he brought with him from that school, and he justified his election by his behaviour and intelligent performance of the work of the class. He passed the University F.A. examination at the end of 1892, and was then elected to a — scholarship in the B.a. classes of 1893 & 1894. He maintained his excellent character in the B.a. classes and was the third student in the junior B.a. class, while in the senior B.a, he kept up his position as one of the best students.

He appeared for the recent B.a. —

Examination, and passed in all the Branches, taking a most creditable position in the second class in each of the Branches. While his general intelligence is proved by the uniform excellence of his class position, and the fact that he never failed in an Examination, his general conduct was on a par with his intelligence: and I have all along held a high opinion of him.

He now wishes to obtain some appointment, and I have much pleasure & confidence in recommending him for any post for which his University Education may be a qualification. I have no doubt he will keep up the excellent name he has had in the college and I hope to hear of his success in after life.

To

Sir,

Adverting to Government Order No.C.231 dated the 18th May 1917 observing that the recommendations of the Committee for the Selection of Probationers are not in strict conformity with the rules laid down in the Government Order of the 2nd January 1917 and requesting the Committee to revise their recommendations with due regard to certain formulated principles, I have the honour to append hereto a statement of the revised recommendations of the Committee.

over.

2) As required in the Government Order dated the 18th May 1917 under reference, the Heads of Departments and Offices were requested to report in a prescribed form regarding the qualifications of the candidates employed under them. The opinions were in some cases given in a vague and steriotyped form, e.g., "above the average," " fit for appointment as a Probationer," etc., and in others the recommending officer ~~dealt with some particularity on~~ spoke of the aptitude of his subordinate for other departments than his own. Thus the Superintendent, Government Press, recommended a Proof/Reader for appointment in the departments of Archaeology, Finance, etc., while ~~on the other hand~~, the Registrar of Co-operative Societies certified that an Inspector of his Department would "make an official of high ability in the Press Department." In many cases the Committee were not able to attach much importance Recommendations of this character, ~~which were such as these, could not be given serious~~ literally adopted. ~~considerations~~. On the whole, the opinions received from the Heads of Departments and Offices, while they were helpful in eliminating the unfit,

in a few cases do not afford much unfit, ~~have not afforded any~~ positive guidance in the selection of candidates.

3) The second principle laid down in the Government Order under advertence is that no candidate who has not formally applied should be selected. As observed in my previous communication dated 18th March 1917, exception was made only in 2 cases, viz., Messrs C. Krishnamachar & H. S. Nanjundaiah and for very ~~strong~~ special reasons. Even now the Committee consider that the selection of the two candidates in question should remain unaltered. The former especially is a person of ~~decidedly~~ superior ~~talents~~ attainments and to overlook him and select a candidate of mediocre parts, merely because he has put in an application, would seem an undue concession to technical reasons. But as Government have specially emphasised the need for a formal application,

application, alternative names are proposed ~~in the place of the candidates in question if it is ultimately decided not to select them.~~

4) The third principle laid down in the Government Order is that candidates who have passed the Mysore Civil Service Examination, or who have taken the M.A.Degree, or passed the B.A.Hons, should be considered persons of special merit for purposes of selection. This was precisely the principle which the committee followed in making the original selections. It has been applied with even greater ~~care~~ rigour in the revised proposals now submitted.

5. As desired in paragraph 3 of the G.O. under reference, the committee have sent for, and satisfied themselves as to the eligibility of the selected candidates.

6) Dividing the candidates ~~now proposed~~ under the various categories given in paragraph 3 of the Government Order dated 2nd January 1917, it will be seen that

a) Ten have been selected because they are already employed in the service and have done well in it.

b) In the case eight candidates the chief reason for selection is the fact that

GENERAL AND REVENUE SECRETARIAT.

(*Continuation sheet draft form.*)

that they are members of backward communities.

c) Whether ~~The~~ candidates selected ~~solely~~ (combined in some cases with the other qualifications) by reason of special merit ~~are backward~~.

7. The three classes specified above are not distinct and exclusive, that is to say, a person already employed in the service may be also a member of a backward community and the possession of special merit may co-exist with one or both of the other qualifying conditions. The ~~numbers~~ grouping of the candidates under the different ~~given above under each~~ classes based on the most important criterion of selection adopted in each case.

MU 30.6.17

8. I beg to add that it is not possible to give within the brief compass of a report like this all the ~~considerations~~ grounds that have been taken into account in each case of selection nor to convey through it the amount of patient & laborious sifting which the work has ~~involved~~ entailed on the Committee. In the remarks column of the statement only very brief remarks have been entered. It is sufficient to say that the Committee have carefully gone through the first orders and made ~~bringing to make~~ the ~~last~~ selections ~~they could~~ in accordance with the letter & spirit of the same after full discussion and consideration of every aspect of each case. It is pleasing to note that they ~~case~~ eligible candidates, ~~they~~ have been fortunately able to arrive at a set of unanimous recommendations.

Dear Sir,

Referring to Secretary's letter of the 2nd instant and its enclosures I beg to state that I do not agree with the concluding portion of the penultimate sentence of para 3 of the proposed letter to Government. If a person did not care to put in an application in spite of the wide advertizement it is not fair to the Government or ourselves to belittle that advertizement in order to justify his omission. I would merely tell the Government that it is good for the Department to take him on and request that an exception be made in his case.

In regard to the list as revised by the Committee at the last meeting and para 8 of the proposed letter to Government, I beg to state that certain alterations are necessary. In my humble opinion not one of the original recommendations should be interfered with now except in so far as to conform to the Government's later order:

In No.15 I am not able to see the reason for the order in which the offers are mentioned and would reverse the order on the ground of University qualifications. I do not see any reason for the change in No.16 either. The name proposed to be substituted is the one that stood as No. 7(Police). If it is to be scored out there, there is no reason to score out another name of far higher qualifications elsewhere (No.16). It is much fairer to leave No.16 alone and bring in No.7 as No.25 (Revenue) in place of the present nominee who has lesser qualifications.

Yours truly

General Department.

Sir,

Adverting to Government Order No.C.231 dated the 18th May 1917 observing that the recommendations of the Committee for the Selection of Probatoners were not in strict conformity with the rules laid down in the Government Order of the 2nd January 1917 and requesting the Committee to revise their recommendations with due regard to certain formulated principles, I have the honour to append hereto a statement of the revised recommendations of the Committee.

2. As required in the Government Order dated the 18th May 1917 under reference, the Heads of Departments and Offices were requested to report in a prescribed form regarding the qualifications of the candidates employed under them. The opinions were in some cases given in a vague and steriotyped form,e.g., "above the average," "fit for appointment as a Probationer," etc., and in others,the recommending officer spoke of the aptitude of his subordinate for departments other than his own. Thus the Superintendent,Government Press,recommended a Proof-reader for appointment in the departments of Archaeology, Finance,etc., while ~~on the other hand~~, the Registrar of Co-operative Societies certified that an Inspector of his

As stated in my former letter,

by the G.G.O. Ezra and possess
very good qualifications. They ~~Committee~~ have

his Department would "make an official of high ability in the Press Department." In many cases the Committee were not able to attach much importance to recommendations of this character. On the whole, the opinions received from the Heads of Departments and offices, while they were helpful in eliminating the unfit, in a few cases, did not afford much positive guidance in the selection of candidates.

3. The second principle laid down in the Government Order under advertence is that no candidate who has not formally applied should be selected. As observed in my previous communication dated 18th March 1917, exception was made only in 2 cases, viz., Messrs C.Krishnamachar and H.S.Nanjundaiah and for very special reasons. Even now the Committee consider that the selection of the two candidates in question should remain unaltered. The former especially is a person of superior attainments and to overlook him and select a candidate of mediocre parts, merely because he has put in an application, would seem an undue concession to technical reasons. But as Government have specially emphasised the need for a formal application, alternative names are proposed. The committee have been well apprised with the qualifications of these candidates, which are considerable.

4. The third principle laid down in the Government Order is that candidates who have passed the Mysore Civil Service Examination, or who have taken the M.A.Degree, or passed the B.A.Hons, should be considered persons of special merit for purposes of selection. This was precisely the principle which the committee followed in making the original selections. It has been applied with even greater rigour in the revised proposals now submitted.

5. As desired in paragraph 3 of the Government order under reference, the Committee have sent for, and satisfied themselves as to the eligibility of the selected candidates.

6. Dividing the candidates under the various catagories given in paragraph 3 of the Government Order dated 2nd - January 1917, it will be seen that

(a) Ten have been selected bacause they are already employed in the service and have done well in it.

(b) In the case of eight candidates, the chief reason for selection is the fact that they are members of backward communities.

(c) Twelve candidates have been selected by reason of special merit (combined in some cases with the other - qualifications).

7. The three classes specified above are not distinct and exclusive, that is to say, a person already employed in the service may be also a member of a backward community and the possession of special merit may co-exist with one or both of the other qualifying conditions. The grouping of the candidates under ~~each class are~~ the diffl classes is based on the most important criterion of selection adopted in each case.

8. I beg to add that it is not possible to give within the brief compass of a report like this all the grounds that have been taken into account in each case of selection nor to convey through it the amount of patient and laborious sifting which the work has entailed on the Committee. In the remarks column of the statement only very brief remarks have been entered. It is sufficient to say that the Committee have carefully gone through the Government Orders and made the selections in accordance with the letter and spirit thereof after a full discussion and consideration of every aspect of the case of each eligible candidate. It is -

gratifying

the opinions received from the Heads of Departments and offices, while they were helpful in eliminating the unfit in a few cases, did not afford much positive guidance in the selection of candidates.

3. The second principle laid down in the Government order under advertance is that no candidate who has not formally applied should be selected. As observed in my previous communication dated the 18th March 1917, exception was made only in two cases, viz., Messrs.C.Krishnamachar and H.S.Nanjundaiya. As stated in that letter, these candidates are highly spoken of by the Inspector General of Education and possess very good qualifications. They have submitted applications since and it has been ascertained that they did not apply originally under a misapprehension. The Committee would recommend that in their case the absence of a formal application submitted before the due date be overlooked. If, however, Government do not want to appoint these men owing to the technical irregularity, Messrs.D.Mahabala Rao and M.S.Rajagopala Rao may be appointed. The former is an M.A. in Mathematics and the latter has passed the Mysore Civil Service Examination. But the Committee had full opportunity of judging the relative merits of the alternative candidates after personal interview and they are of opinion that Messrs.Krishnamachar and Nanjundaiya are in every way superior to the other two candidates.

4. The third principle laid down in the Government order is that candidates who have graduated in the first class or passed the Mysore Civil Service Examination or the M.A.degree examination should be considered persons of special merit for purposes of selection. This was precisely the principle which the Committee followed in making the original selections. It has been applied with even greater rigour in the revised proposals now submitted but much importance has not been attached to 3rd class Honours.
